

**RESTORATION ADVISORY BOARD MEETING RECORD  
FORMER NEBRASKA ORDNANCE PLANT**

**AUGUST 30<sup>TH</sup>, 2005**

**Date:** August 30, 2005

**Time:** 1902 – 2159

**Place:** Mead Community Center

**Opening Procedures**

- Ms. Natalee Tillman (USACE) started introductions. Mr. Bill McFarland (USACE) will no longer be the Mead Project Manager. Mr. Garth Anderson (USACE) will be taking on Project Manager role.
  - ★ Mr. Steve Iverson (USACE) was also present at meeting, and was introduced.
  - ★ RAB members were invited to sit at the tables at the front of the room. Melissa Konecky (RAB Community Co-chair) was present but elected not to sit at the front. Mr. Lynn Hang (National Guard) and Mr. Larry Angle (NRD) were present and at the front.
- Agenda
  - ★ Transcripts from the previous 3 RABS are available for everyone to look at. Please confirm that any question you asked is correctly stated in transcript.
  - ★ A list of unanswered questions from tonight's RAB will be provided by September 15<sup>th</sup>. Please confirm that they are correctly stated, following that, the Corps will answer the questions.
  - ★ Ground Rules were covered. This also included information on the Site website, mailing list, and the next RAB.
- Mr. Steve Iverson (USACE) had a brief introduction with two messages: 1) I am here to listen and try to understand and 2) We've been working hard to respond to many needs that our team has heard.
- Lynda Wageman (public) proceeded to remove 1 RAB member's name tent informing the Corps that person is not a member so Ms. Wageman was taking it upon herself to remove the individual.

**Status Update**

- A status update was provided on the following:
  - ★ September 2005 buffer zone sampling
  - ★ June 2005 sampling event
  - ★ M.U.D.
  - ★ The PLAN meetings with regulators
  - ★ Col. Rossi (USACE) Site visit

**RESTORATION ADVISORY BOARD MEETING RECORD  
FORMER NEBRASKA ORDNANCE PLANT**

**AUGUST 30<sup>TH</sup>, 2005**

★ Load Line 1 actions

- Numerous questions from those in attendance were raised. USACE representatives answered questions as they were posed, or they were added to a list of unanswered questions for the Corps to respond to at a later date.
- Mr. Jason Leibbert (USACE) discussed the Site Management Plan (SMP) as it is being developed.
- More questions from the public were raised and those were addressed or added to the list of unanswered questions.

2100-2105 BREAK

- Mr. Scott Marquess (EPA) announced the upcoming kick-off meeting for the University work that would be held September 15<sup>th</sup>, 2005 at the ARDC facility.

**Status Update (Cont.)**

- Mr. Leibbert (USACE) returned to discussions of the SMP. He provided major elements of the SMP and asked for feedback from the community about what they want.
- More questions from the public were raised and either addressed or added to the list of unanswered questions.
- The meeting was ended at 2159.

30 August 2005

**AUGUST 30<sup>TH</sup>, 2005**

Former NOP Restoration Advisory Board Meeting  
Questions requiring follow up from USACE

1. Want to have ski lake sampled (J. Piercy).
2. Want Anderson and Clausen (sp?) tested regularly, as well as homes surrounding Anderson that are outside of 1-mile buffer zone (L. Wageman).
3. Want new home next to Piercy (Steve Otte sp?) tested (K. Funk).
4. Wants 1-mile buffer zone expanded if there is any detect in any of the wells (P. Randazzo).
5. Corps must add additional monitoring wells due North/West of NRD reservoir to establish a baseline for M.U.D. pumping (L. Wageman).
6. (L. Wageman) Wants the public to be informed of “disputes” going on between the Corps of Engineers and EPA (areas in which our opinions differ).
7. NWK must provide (through Omaha) to M.U.D. an updated plume map and direction to use that updated map within their next groundwater model (phase 2) (L. Wageman, L. Moorer).
8. Follow up with Omaha District regarding commenting on “Sampling and Analysis Plan for Groundwater...” from Kevin Tobin to Rodney Schwartz April 2005 (in NDEQ files) (L. Moorer).
9. How fast does groundwater move in Todd vs. Platte Valley (Mr. Gustafson sp?)?
10. Please place in information repository the partial update of our groundwater model that Bill McFarland referred to in 06 May 2005 letter (L. Moorer).
